

### From The President's Office

Welcome to our 7th Fellowship this Rotary Year!

Congratulations to the Rotary Club of Kampala North for having celebrated 29 years of hard work and quality service last Monday. All this was made possible courtesy of our Past Presidents that spared their time and finances to ensure we celebrate in style. This time it was not about the club history, it was about contributing to the ROTARY FOUNDATION.

We were challenged to support the Rotary Foundation (TRF) by Past Presidents Eric Byenkya and Jayne Nakato. Statistics show that our giving has been dwindling yet our numbers have been increasing! This indicates that there is something we are not doing right. We certainly must do something collectively as a club. Past Presidents led by example and contributed almost \$10,000 at the charter night. The Chair TRF, Rtn. Emmanuel Kamugira emphatically urged us to contribute generously. He will be knocking at our doors at every opportunity and please let us cooperate.

During this Membership development

and extension month, let us first consider our own club members before we go out there to invite friends, family and colleagues.

Are there any members that have missed two or three consecutive fellowships in your club? Has any of us taken the trouble to find out whether these members are sick, have lost a relative, lost a job or lost interest in the club? Let us take it upon ourselves to look out for our 'Missing in Acton' buddies. This can be done through Buddy Groups, Chair Family of Rotary and Attendance officer.

In order not to lose our members, let us work hard to deliver an experience that will keep everyone excited about Rotary. Some of the strategies that can be used include:

- Inviting interesting and captivating Speakers
- Keeping members involved in club projects, activities and home hospitalities
- Encouraging members to take on leadership roles. Some members seem passive but given responsibilities, you will be amazed by what they can do.
- Recognizing members for their

achievements

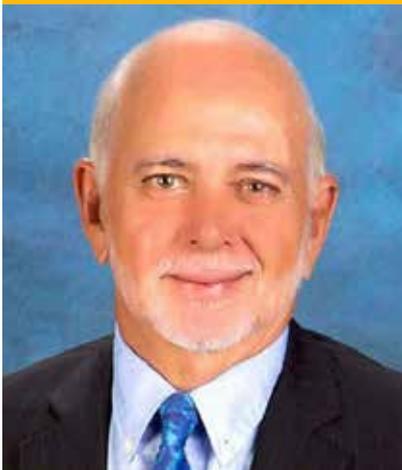

- Sending members regular updates about what is happening within and outside the club
- Asking members for their feedback, this could be done through a Membership Satisfaction Survey.

This rotary year, let us do our best not to lose any members in our clubs and also invite potential members to visit our respective clubs. For Rotarians, Rotaractors and Interactors, you will always think your mother is the best cook until you visit the neighbor's. Please do go out to other clubs and learn a thing or two to improve your own club.

Have a fabulous week.

## Mark Daniel Malony selected to be 2019 – 2020 Rotary President

“The clubs are where Rotary happens,” says Maloney, an attorney. He aims to support and strengthen clubs at the community level, preserve Rotary’s culture as a service-oriented membership organization, and test new regional approaches for growth. “With the eradication of polio, recognition for Rotary will be great and the opportunities will be many,” he says. “We have the potential to become the global powerhouse for doing good.”

## Is it fair to all concerned?

The Four-Way test of the things we think, say or do is a test used by Rotarians worldwide as a moral code for personal and business relationships. The test can be applied to almost any aspect of life.

Today we look at the second test; **IS IT FAIR TO ALL CONCERNED?**

This means taking the interest of all affected parties into consideration when making decisions. It is not only possible to be fair to all concerned, it is essential. When making a judgment call, put aside all preferences and prejudices and be professional.

## JUST ASKING
